Lee Harvey
Oswald did
not kill Kennedy.

This man did.

This is just one of the startling conclusions presented (with documentation) in **THE OSWALD FILE**—a brilliant and highly revealing exploration of the events surrounding the assassination of President John F. Kennedy. Written by Michael Eddowes,

the brilliant solicitor who solved one of Britain's most sensational murders, **THE OSWALD FILE** may prove to be the most newsworthy book of the 1970's. Illustrated with 55 photographs. A *Clarkson N. Potter Book*. September. (530554) \$10
